Re: Annual Termite Inspection

The Southern Village Townhouse Committee has decided to use Pest & Termite Consultants for the annual termite inspections this year. This company schedules the inspections in a different way from Kil-Mor, and the manager assures us their process is extremely effective. They will be conducting annual inspections on **Monday, August 29, and Tuesday, August 30, between the hours of 8am and 5pm**. The inspection is absolutely necessary to ensure that we eradicate and minimize the destructive nature of these pests. Termites can destroy the structural integrity of your home/unit if not detected and properly treated.

The inspector will require access to the exterior foundation, crawl space, storage room and garage. Gates will also need to be unlocked.

Here is the procedure to get your home inspected:

- Inspectors will knock on doors randomly during the inspection period and they will inspect those homes as contact is made with each resident.
- You may schedule your inspection for a particular time by contacting the on-site inspector and setting a time that is convenient for you. The inspector will be wearing a company uniform (blue trousers and blue shirt with company name of the shirt). Company pickup trucks are also blue with the company name on the driver side door and tailgate.
- You may also schedule a specific time on either of these two days by calling Pest & Termite Consultants at **919-870-8003**.
- Pest & Termite Consultants will perform one other free inspection, which will be announced at a later date.

Please remember to leave storage rooms, crawl spaces, garage doors and gates open if you will not be present for the inspection. Your cooperation is greatly appreciated. If you have any questions, please contact Michelle Johnson at 919-960-2836 or officemanager@berkeleychapelhill.com.

Remember these dates!!

August 29 and 30 from 8 am until 5 pm
