| Today we visited the site and decided not to mow because the high temperatures last week stressed and browned the turf. |                     |                     |            |                              |              |                     |           |              |  |
| Instead, we walked the site detailing beds and spraying weeds.  |                     |                     |            |                              |              |                     |           |              |  |
