#### Code Types

- SC= Service Completed - Means a service or review has been completed and is in good working order.
- M= Monitoring (for any potential future problems) - Means that we may continue to review and note on regular reports. This does NOT mean there is an issue or any additional work is needed at this time.
- WN= Work Needed - Means there is work needed outside the normal scope of maintenance
- N/A= Not Applicable - Means nothing is found to be noted, there are no issues.
- NN= Not Needed - Means this has been investigated and found that no work is currently needed.
